Art Parisa
Gallery

Art Parisa Gallery

Established and managed by Parisa Karamnezhad in the year 2018, Galeri has become a haven for art enthusiasts, showcasing works from both local Turkish artists and international talents. Our gallery provides a unique opportunity for art lovers to explore and appreciate a diverse range of artworks.

We're not just a gallery – we aspire to be a platform for public art discussions, workshops, art education, seminars, as well as national and international competitions. Our primary goal is to not only host established and renowned artists in our exhibition program but also to discover and promote emerging talents, giving them a space to showcase their creations and make their mark in the art world.

Art Parisa Gallery is dedicated to representing artists from all around the world, fostering a cross-cultural dialogue that goes beyond borders, and nurturing diverse perspectives in the realm of contemporary art.

In addition to our exhibition program, we offer an Art Store where visitors can purchase a wide array of valuable pieces, including paintings, photographs, sculptures, and various other visual artworks created by local and international artists.
